SUBJECT : OBSERVANCE OF THE NATIONAL FIRE
PREVENTION MONTH

DATE : JAN 30 2004

The National fire Prevention Month is observed every March. The observance of this yearly event aims to promote Fire Safety and Education.

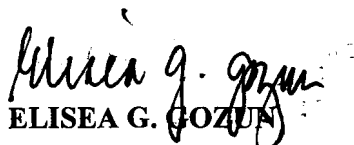

Along this line, the Department in coordination with the Bureau of Fire Protection is undertaking the following activities:

- series of trainings/lectures on fire safety and prevention;
- building inspection to ensure that buildings and facilities are compliant with the Fire Code of the Philippines;
- reactivation and reinforcing its existing Fire Brigade.

As such, you are hereby directed to organize similar activities in your respective offices to enhance employees' level of awareness and preparedness, enabling them to respond appropriately to a fire incident. The knowledge they gain, specifically knowing what to do in case of a fire incident, could save lives.

For purposes of consolidating all undertakings related thereto, please submit your proposed activities directly to the Special Concerns Office not later than February 15, 2004.

For compliance.
