TARGETS

**DATE :** 26 November 2004

---

Relative to the implementation of the Minerals Action Plan (MAP), we would like to request your Office to provide us with a more detailed status report on the MAP 2004 Targets, copy furnished the MGB MAP Secretariat on or before Dec. 6, 2004. Please follow the prescribed monitoring form we sent to you earlier. We have attached a sample monitoring form accomplished by the MGB-Mining Tenements Management Division for your reference.

Also attached is the list of activities and focal persons for the 2004 Targets. MGB focal persons for each activity have been assigned to facilitate the coordination among the DENR sectors/concerned agencies and to provide the technical assistance needed by the MAP co-implementors.

We also advise you to review the remaining activities assigned to your office that fall within the 2004-onwards and 2005-onwards deadline so that we can attend to them immediately once we have completed our targets for this year.

Please note also that the Inter-Agency meeting with the stakeholder representatives will be held before Dec. 15, 2004 to allow all the implementors of the MAP to finalize their outputs before the meeting.

For immediate compliance.
