September 16 is the **International Day for the Preservation of the Ozone Layer**, commemorating the date in 1987 when the Montreal Protocol on Substances that Deplete the Ozone Layer was signed.

The Philippines, through the DENR-EMB Philippine Ozone Desk, leads this year's celebration of Ozone Day with the following activities:

- Production and distribution of IEC materials (banners, flyers, stickers)
- Airing of TV Spot on Ozone Layer Protection
- Publication of Advertorial about the ozone layer and government programs to phase out ODS
- Conduct of mall exhibit

- Launching of the Philippine Voucher System

In this connection, all are encouraged to commemorate Ozone Day in your own simple way. EMB Regional Offices are directed to commemorate Ozone Day by setting up exhibits using the exhibit materials (tarpaulins), banners and flyers endorsed by POD to your respective offices.

For your information/appropriate action.
