DATE : **09 FEB 2021**

This has reference to the meeting held last 04 February 2021 regarding the Updates on DENR's Submission of EVOSS Requirements and the upcoming Workshop to Harmonize DENR Processes in Support to EVOSS. One of the agreements as proposed by the Department of Energy (DOE) during the said meeting is to have a detailed process flow including the necessary analysis on the decision points and to look into the possible list of requirements that should be submitted by the applicant which can already be foregone/omitted.

In this regard, we would like to request your respective Offices to review and revisit all the processes, issuances, and requirements related to energy projects in preparation for the aforementioned EVOSS Workshop. Please submit your additional inputs (if there is any) on or before **12 February 2021** to the email address: psddivision@gmail.com.

For your preferential and appropriate action.
