This has reference to the updating of the DENR Competency-Based Manuals this year which covers all offices and employees holding 1st and 2nd level positions including those holding salary grade 26. As part of the continuous improvement and expanded implementation of the said system in the Department, we are exploring the possibility of developing competency profiles for Director II positions of EMB.

The Human Resource Development Service through the Career Development Division would like to request for an online exploratory meeting to identify and propose functional competencies that are highly significant to the technical and managerial role of Director II position in both offices. The meeting will be held on 15 June 2021, Tuesday, 1:00 am to 4:00 pm **via Zoom**; the link will be sent to your email.

For initial review, attached are lists of the existing functional competencies for technical and support positions, and an electronic copy of the CBS manuals in pdf format will be sent to your respective email as detailed reference.
