Dear Partner,

Registration is now open for the Second WHO Western Pacific Region Partners' Forum, to be held online on 30 June–2 July 2021!

Since our first Partners' Forum, COVID-19 has dramatically changed our world, and partnerships have played an enormous role in the pandemic response. Despite the challenges of COVID-19, partners also continue to work together— within and beyond the health sector – for solutions to ongoing issues such as climate change, noncommunicable diseases and antimicrobial resistance.

Following the inaugural Partners' Forum in 2019, this year's Forum will reconnect our partners across the Western Pacific Region. We will review the successes and challenges of partnerships over the past two years and discuss how to move forward with stronger partnerships for the future.

As an important partner to WHO we're pleased to invite you to this event.

Find out more and **REGISTER HERE** with code: **P@rtn3rsh!ps21**

Registration will close on **28 June 2021**. If you have not received an order confirmation email after check-out, please check your spam folder.

This year's Forum will also provide the opportunity to partners to host an exhibition booth during the Forum to showcase the great work your organization does. To find out more and register for a booth please see [here](#).

We look forward to seeing you soon!

Sincerely,

The WHO Western Pacific Region Partners' Forum organizing team
