To accurately provide the Congress, Senate, and other data stakeholders with the updated vaccination status of the DENR employees in the Central office, may we request all offices with incomplete vaccination profiles to accomplish the survey **on or before July 09, 2021**. The vaccination profiling/survey will help the data consolidators on disaggregating the vaccination status of DENR employees in terms of employment status, sex, age group, comorbidities, vaccination site, among others as required by the Congress and Senate. Attached in this Memo is the submission status of each office.

Furthermore, may we also request all Health and Wellness Focal Person of each office to regularly provide updates on the vaccination status of LGU/other facilities vaccinated DENR CO employees to the Health and Wellness team of the Human Resource Development Service (HRDS).
