MEMORANDUM

FOR : **The Regional Executive Directors**
All DENR Regional Offices

FROM : **The Director**
Climate Change Service

SUBJECT : **HARD COPIES OF THE 2021 CCAM-DRR PRE-SONA REPORT**

DATE : 5 November 2021

With the theme “Pamanang Katatagan”, the Cabinet Cluster on Climate Change Adaptation, Mitigation, and Disaster Risk Reduction (CCAM-DRR) headed by the Cluster Chair, DENR Secretary Roy A. Cimatu, reported accomplishments in pursuit of environment resiliency and sustainability last 22 July 2021.

The report of the CCAM-DRR Cabinet Cluster shows that the government, for the past five (5) years, focused principally on building adaptive capacities and resilience of the vulnerable communities. Significant recovery policies and program packages anchored on an integrated risk management approach were invested and social services, technological upgrading as well as green development have been prioritized.

In this connection, we are sharing with you the hard copies of Pre-SONA Report for your perusal and reference. Further, we would like to request your good office to disseminate copies to your key officials (including our PENROs, and CENROs), and constituents.

Thank you and we look forward to your usual support and active participation towards our collective objective to help build adaptive and resilient communities.

ELENIDA DR. BASUG
