**FROM : The Executive Director  
River Basin Control Office**

**SUBJECT : REQUEST FOR SCHEDULE OF RIVER BASIN COUNCIL/  
COMMITTEE MEETINGS FOR 2022**

**DATE : JAN 05 2022**

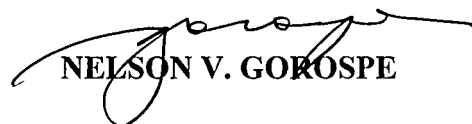

---

The River Basin Organizations (RBOs)/ River Basin Management Councils (RBMCs) play an important role in the decision-making, planning and coordinating various programs and projects implemented within the river basin. It is the umbrella organization for basin-wide water resources management (multi-sectoral representations) established to promote cooperation and collaboration including conflict resolution, among others. In our major and principal river basins, RBOs/ RBMCs have been created and are functional.

For this year, 2022, River Basin Control Office (RBCO) intends to have a more active engagement with the RBOs by attending and actively participating in the council/ committee meetings.

In this regard, may we request for the submission of schedule of council/ committee meetings of RBOs/RBMCs for 2022. The information generated will help us in the scheduling of our target activities.

FOR YOUR INFORMATION AND KIND CONSIDERATION, please.
