MEMORANDUM

FOR : The Executive Director
River Basin Control Office (RBCO)

FROM : The Director
Knowledge and Information Systems Service (KISS)

SUBJECT : **Data Cleansing of the River Basin Integrated Information
Management System (RBIIMS)**

DATE : April 21, 2022

In line with the system implementation of River Basin Integrated Information Management System (RBIIMS), data cleansing is necessary for efficient data migration to the Production Server. This is to ensure that incomplete, incorrect, inaccurate, and irrelevant data will be addressed accordingly.

With this, the designated users from your office will be given six (6) working days from April 22-29, 2022 for the data cleansing activity and are expected to check and correct data, bring consistency to different data sets that merge from different sources and remove test data from the system.

If you have any questions or concerns, you can contact ISD at VOIP 1198 or email at denrkissisd@gmail.com / isd@denr.gov.ph.
