DENR-CARP National Coordinating Office
Pasig River Coordinating and Management Office

FROM : **The Undersecretary for Finance, Information Systems, and Climate Change**

SUBJECT : **INPUTS TO THE STOCKTAKE SURVEY FOR THE NATIONAL CLIMATE RISK MANAGEMENT FRAMEWORK (NCRMF)**

DATE : **JAN 14 2022**

This has reference to Climate Change Commission (CCC) Resolution No. 2019-001, adopting a National Climate Risk Management Framework (NCRMF) for the Philippines. The NCRMF seeks to provide guidance in harmonizing and integrating the various efforts of sectors and stakeholders on climate risk management, further ensuring a science-based and “whole-of-society approach” in the formulation of our National Adaptation Plan (NAP), and the updating of the National Climate Change Action Plan (NCCAP).

Currently, the CCC is conducting a stocktaking of datasets, tools and methodologies through consultations with relevant stakeholders, including your agency. This is intended to fast track collection of relevant data from government agencies that will aid in climate risk analysis. This is also in view of averting, minimizing and addressing the loss and damage incurred from climate-related hazards such as in the recent devastation from typhoon Odette

In view of this, may we respectfully request you to accomplish the attached **Stocktake Survey Form** with data/information and other relevant inputs concerning your office. The CCS-CCITSD shall consolidate all inputs by the Department for submission to the CCC **on or before 28 January 2022**.

We are likewise providing herewith copies of relevant CCC Resolutions for your reference. Should you have questions or concerns on this survey, kindly contact the CCS-CCITSD thru this email addresses, ccitsd@denr.gov.ph or aamagalang@denr.gov.ph.

For your consideration.

ATTY. ANALIZA REBUELTA-TEH
