

MEMORANDUM

FOR : All Directors of Bureaus
All Regional Executive Directors

ATTENTION : GAD Focal Persons

FROM : The Director
DENR Climate Change Service
DENR Gender and Development Office

SUBJECT : VALIDATED RESULTS OF HGDG'S PIMME BY THE PCW ON
DENR'S GAD ACCOMPLISHMENT REPORT FY 2021

DATE : 27 June 2022

This refers to the DENR's submitted documents to the Philippine Commission on Women (PCW) on the Harmonized Gender and Development Guidelines (HGDG)'s Project Implementation and Management, and Monitoring and Evaluation (PIMME) of Gender and Development (GAD) Accomplishment Report (AR) for FY 2021.

We would like to inform you of the validated HDGD's PIMME scores on the following Attributed Programs by the PCW:

- Enhanced National Greening Program (ENGP) = 11.49 equivalent to 57.45% attribution
- Coastal and Marine Ecosystems Management Program (CMEMP) = 13.83 equivalent to 69.15% attribution
- Forestland Management Project (FMP) = 19 equivalent to 91.25% attribution

Unfortunately, two programs scored below 4 thus cannot be attributed to GAD AR, as follows:

- National Protected Area Strategic Management Plan (NPASMP) - 1.66
- Integrated Natural Resources and Environmental Management Project (INREMP) - 3.66

The PCW noted that the decrease in scores was due to the fact that most of the MOVs submitted for these programs were dated 2020 and this cannot be credited as viable MOVs for AR FY 2021.

This means a reduction of 192,926,695 pesos from DENR's attributed budget. Further, this means that DENR's 2021 GAD Budget Allocation went down from 13.84% to 12.78% and the GAD budget utilization rate went down from 89.25% to 82.40%. As it is, this could serve a valuable lesson in our preparation for AR FY 2022.

Should you require more information or clarification on this regard, please email us at: gad_denr@yahoo.com or edrbasug@denr.gov.ph copy genie.c.chavez@gmail.com

For your consideration please.
