MEMORANDUM

FOR/TO : All Officials and Employees
DENR Central Office

FROM : The Director
Knowledge and Information Systems Service

SUBJECT : INSTALLATION OF ENDPOINT SOLUTION

DATE : 17 DEC 2023

As part of our program to strengthen the DENR cybersecurity, the Knowledge and Information System Service (KISS) will continue to implement our Endpoint Solution to serve as a shield against potential malware, viruses, and other online threats. The deployment of this solution is imperative to maintain the integrity and security of our systems and sensitive information.

The installation to all desktops and laptops will commence on December 12, 2023 to January 12, 2024. This activity may be extended until all of the computer units have complete installation.

For inquiry and clarifications, you may contact Ronnel B. Vigil of Network Infrastructure Management Division at VoIP No. 1145 or email to rbvigil@denr.gov.ph.

For your compliance.
