FROM : **The Director**
Knowledge and Information Systems Service

SUBJECT : **SUBMISSION OF PROPOSAL FOR THE INFORMATION SYSTEMS
STRATEGIC PLAN (ISSP) FOR CY 2024-2026**

DATE : 1115 MAR 2023

The Information Systems Strategic Plan (ISSP) contains the agency's overall strategy which involves medium term (3-5 years) planning for its information and communications technology (ICT) thrust, strategies and programs for development. It is the written expression of how the agency or organization intends to use Information and Communication Technology (ICT) to support its data processing and decision-making processes.

Relative to this, the Knowledge and Information System Service is starting to craft the Department's ISSP for CY 2024-2026 that will focus on the priority programs of our Secretary particularly on digitalization of DENR processes and services, and data integration for decision support system.

With this, may we request for the submission of ICT project proposals to be included in the Department ISSP for CY 2024-2026. As a guide, ICT project proposal may refer to the following KISS ICT thrust for the new ISSP:

1. Enhancement of ICT infrastructure;
2. Enhancement of ICT security and data privacy;
3. Office efforts to computerize its operations;
4. Directing ICT application towards mission-critical, public-service-sensitive, development-management-supportive and revenue-generating areas; and
5. Institutionalizing geospatial database in monitoring and decision-making.

Kindly submit your proposal through the Network Infrastructure Management Division on or before March 31, 2023

For your information and guidance.

MARIA ELENA A. MORALLOS MANILA
