PENROs
CENROs**

ATTACHED AGENCIES

FROM : THE DIRECTOR
Foreign-Assisted and Special Projects Service

**SUBJECT : FORUM ON THE LESSONS LEARNED, GOOD
PRACTICES, INNOVATIONS, AND SUCCESS STORIES
(LGIS) FEATURING THE FORESTLAND MANAGEMENT
PROJECT (FMP) - MODELLING SUSTAINABLE FOREST
MANAGEMENT: THE FMP WAY ON OCTOBER 24-26,
2023**

The Forestland Management Project (FMP), a DENR-JICA project since 2012 aimed to strengthen forestland management in three (3) critical river basins through the implementation of collaborative and comprehensive Community-Based Forest Management (CBFM) strategies, is now nearing its completion. Building agroforestry support facilities, community organizing, reforestation and forest protection, enterprise development as well as policy initiatives are the major components of this project.

As part of the knowledge-sharing initiatives of the Foreign-Assisted and Special Projects Service (FASPS) and to increase public awareness on the initiatives of the Forestland Management Project (FMP), we will be conducting a forum on the lessons learned, good practices, innovations, and success stories (blended platform) on October 24-26, 2023 in San Mateo, Rizal. This year's theme is entitled "Modelling Sustainable Forest Management: The FMP Way." Invited guests are from the DENR management, Bureaus, Regional Offices, Attached Agencies, PENROs, CENROs, Development Partners and project implementers.

In this regard, we are inviting you and your staff to attend this forum via Zoom Application or watch and join the live streamed video through the DENR Official facebook page. Attached is a copy of the teaser and program for your reference.
