LIVELIHOOD SUPPORT FOR MICRO, SMALL AND MEDIUM ENTERPRISES
(MSMEs), APPROPRIATING FUNDS THEREFOR, AND FOR OTHER

EXPLANATORY NOTE

This measure is a significant stride towards bolstering the Philippine economy by empowering micro, small, and medium enterprises (MSMEs) in the country. Crucial to this step is the establishment of the Pangkabuhayan Council, which is tasked to develop the country's sustainable livelihood and entrepreneurship goals, priorities, and long-term national strategy that would empower MSMEs. Additionally, the Sustainable Livelihood and Entrepreneurial Development Centers would be established in rural municipalities, prioritizing areas in need.

MSMEs play a crucial role in the growth of the Philippine economy through generating employment and contributing to the alleviation of poverty. MSMEs are known to be a catalyst in the economic progress of rural areas in the country. According to the 2022 List of

Establishments of the Philippine Statistics Authority, MSMEs constitute 99.59% of the business enterprises operating in the Philippines, which highlights the importance of MSMEs. In Cavite alone, there were 45,770 MSMEs in 2021.

This measure aims to stimulate economic growth and enhance the lives of Filipinos, especially those in the marginalized sector. In addition, by providing essential support to existing MSMEs, they will be well-equipped to thrive and contribute more significantly to the local and national economy.

In view of the foregoing, the approval of this measure is earnestly sought.
