KAGAWARAN NG KAPALIGIRAN AT LIKAS NA YAMAN

MEMORANDUM

FOR : The Regional Executive Director
DENR Regions 1-13 and CAR except NCR

ATTENTION : The Assistant Regional Director for Technical Services
The Chief, Conservation and Development Division
The Regional CBFM Coordinator

FROM : The National Coordinator, DENR CARP- NCO
In concurrent Capacity as Assistant Division chief, LMD
Land Management Bureau

SUBJECT : **CLARIFICATION ON THE GEOGRAPHIC INFORMATION
SYSTEM (GIS) MAPPING TARGET FUNDED UNDER CY
2024 APPROVED CBFM-CARP REGIONAL WORK AND
FINANCIAL PLAN TO COVER CYs 2009 AND 2010
CBFM-CARP COMPLETED PROJECTS**

DATE : **APR 22 2024**

This refers to the Memorandum dated 28 February 2024 from the Undersecretary for Legal and Administration regarding the approved CY 2024 CBFM-CARP Projects and related activities and approved CBFM-CARP Regional Work and Financial Plan for CY 2024 which include the GIS Mapping of CYs 2009 and 2010 CBFM-CARP completed projects. Please be informed that the GIS mapping is in support to the Secretary's direction/instruction to produce GIS-generated project maps and the output is the CBFMA GIS-generated maps and location of CBFM-CARP projects (hardcopy and shapefiles).

Further, the targets indicated in our CY 2024 approved Regional WFP on the GIS mapping are based on the current CBFM-CARP project database which came from the copy of approved projects. We understand that in the past there were different circumstances that happened such as changes of site/s, projects damaged by typhoons, among others. These circumstances were not currently captured in the CBFM-CARP project database.

Relative thereto, the Regions are allowed to change their target CBFM-PO in the GIS mapping with the following guide:

1. If the target project of certain CBFM-PO was destroyed by calamities or in anyway not accomplished the project, the GIS mapping will still be targeted in the same CBFM-PO as the required output is the GIS mapping of the whole CBFM area including other CBFM-CARP projects of said CBFM-PO. Provided that the mapping of the CBFM area of the said CBFM-PO has yet to be accomplished by the Region and no shapefiles are available.
2. If the target project and CBFM-PO for CYs 2009 and 2010 have been changed, the GIS mapping shall be done in the CBFM-PO which replaced the target CBFM-PO.
3. If the GIS mapping of the target CBFM-PO is not feasible such as already part of a *protected area, military reservation, Alienable and Disposable (A and D)*, among

others, the Region may replace the target CBFM-PO and may be replaced from the CY 2011 CBFM-CARP completed projects.

4. If the target CBFM-PO has complete GIS mapping with shapefiles such completed during preparation of Community Resource Management Framework (CRMF) or resurveying, the Region may replace the target CBFM-PO and may be replace from the CY 2011 CBFM-CARP completed projects.
5. Any changes in the GIS mapping target shall be reported/discussed in the CBFM-CARP accomplishment report together with the justification.

In addition, the GIS map output for the CBFM-CARP shall follow the processes under **FMB Technical Bulletin No. 21-A "Guidelines in the Assessment, Survey/Resurvey, and Mapping of Areas Covered by CBFMA and Other Forest Tenure Agreement"** and the output such as shapefiles and attribute table shall be guided based on the **FMB Memorandum dated 15 February 2024 "Submission of Digital Copies of Maps, Map Data and Information for All Tenure Applications Within Forestlands"**. Further, the map data shall be submitted together with the RED-approved final map and shapefiles as part of the CBFM-CARP accomplishment report and be emailed to the FMB's Community Forestry Section at ***frmd.cfs@fmb.denr.gov.ph*** and DENR CARP National Coordinating Office at ***carp@denr.gov.ph*** following the name format in the aforesaid FMB Memorandum dated 15 February 2024.

FOR GUIDANCE AND APPROPRIATE ACTION, PLEASE.

ENGR. SALLY C. DIZON
