MEMORANDUM

FOR : **All DENR Regional and Staff Bureau Directors**

FROM : **The Director**
Knowledge and Information Systems Service

SUBJECT : **COORDINATION WITH DICT FIELD OFFICES FOR ICT ESSENTIAL SERVICES**

DATE : **1311 MAY 2024**

As part of our ongoing efforts to enhance communication and streamline services, we would like to inform you of several important initiatives available through the Department of Information and Communications Technology (DICT). We encourage you to coordinate locally with DICT offices in your respective field offices to avail of the following services:

1. **Government-wide Email System (GovMail):** The official email service for government agencies. It provides data integrity in electronic communications and transactions by providing “gov.ph” domains to National Government Agencies, Local Government Units, Government-Owned and Controlled Corporations, Government Financial Institutions, and other government projects.
2. **Government Network (GovNet):** is a network of interconnected government agencies through Fiber Optic Cable (FOC).
3. **PNPKI (Philippine National Public Key Infrastructure):** It’s an infrastructure that secures communications among individuals and government agencies. This way, the government’s delivery of services to citizens and businesses becomes safer, faster and more efficient.
4. **ICT Literacy Program:** The ICT Literacy Program aims to enhance digital skills and knowledge among government employees. It covers various aspects of information and communication technology.

We encourage you to explore these services and take advantage of the benefits they offer. Should your office decide to avail of the above-mentioned services, please furnish us with a copy of your request. If you have any questions or need further assistance, please feel free to reach out to the Network Infrastructure Management Division (NIMD) at email nimd@denr.gov.ph or phone number 8926-4806.

For information and guidance.
