SUBJECT: Data Request for the Updating of the 2013-2023 Compendium of Philippine Environment Statistics

Dear Director Romasanta:

Greetings from the Philippine Statistics Authority (PSA)!

The PSA is updating the 2013-2023 Compendium of Philippine Environment Statistics (CPES). The CPES is a compilation of statistical information collected from various government agencies and different publications. It aims to provide information for planning, policy, program and project formulation for the environment and environment-related issues. It is also useful in monitoring environment-related statistics and indicators in the Philippine Development Plan as well as the Sustainable Development Goals. The result of our 2012-2022 CPES is available at <https://psa.gov.ph/statistics/environment-statistics>.

In this regard, we would like to request data as specified in Annex 1. Moreover, kindly fill out the attached tables for any updates on the data you provided during our last compilation. We would greatly appreciate receiving these data on or before 31 January 2024.

Our staff, **Ms. Jomy C. Llaneta** and **Ms. Nichole P. Gabriel**, with telephone number (02) 8376-2041 and email address [enrad.staff@psa.gov.ph](mailto:enrad.staff@psa.gov.ph), will coordinate with your office on this matter.

Thank you very much.

Very truly yours,

  
**MARK C. PASCASIO**
