NINETEENTH CONGRESS
Second Regular Session

HOUSE BILL NO. 10120

Introduced by Representative Crispin Diego “Ping” D. Remulla

**AN ACT
STRENGTHENING THE ADOPTION OF STRAY AND IMPOUNDED ANIMALS
PROVIDING INCENTIVES**

EXPLANATORY NOTE

The Philippines has made significant progress in protecting animal rights, with strong laws against animal cruelty and a general attitude of kindness towards animals. However, the People for the Ethical Treatment of Animals (PETA), a non-governmental organization, has highlighted a critical issue of animal homelessness in the country. They report that while many dogs and cats are struggling to survive on the streets, municipal pounds euthanize hundreds every month. To address the problem of stray animal overpopulation, there is a pressing need for a solution that encourages adoption.

The proposed measure aims to safeguard the welfare of all animals, including those that are stray or in shelters, by ensuring their needs are met and promoting incentives for their adoption.

In view of the foregoing, the approval of this measure is earnestly sought.

HOUSE BILL NO. **8546**

Introduced by the **Honorable ANIELA BIANCA D. TOLENTINO**

EXPLANATORY NOTE

A balanced and healthful ecology is one of the hallmark state policies that is enshrined in the Constitution, to wit: "The State shall protect and advance the right of the people to a balanced and healthful ecology in accord with the rhythm and harmony of nature" [**Section 16, Article II, 1987 Constitution**]. This aim of the country to have a balanced and healthful ecology necessarily includes the proper and humane way of taking care of animals.

The Philippines have gone a long way in upholding animal rights, our country have stringent laws against animal abuse and Filipinos are generally very kind to pets. However, this kindness to pets resulted to an overpopulation of stray dogs and cats. News articles about the matter can easily be found. The People for the Ethical Treatment of Animals (PETA), a non-governmental organization, found made a statement that: "Animal homelessness has reached a crisis point in the Philippines. While countless dogs and cats struggle to survive on the streets, hundred are euthanized every month in municipal pounds."

As such, there is a need to have a mechanism that will resolve the issue on the overpopulation of stray animals, thru the promotion of adoption. The proposed law herein seeks to protect the welfare of every animal, including stray and impounded pets, and ensure that their needs are adequately met. The bill herein also incentivizes the adoption of stray animals.

For the Filipino people, approval of the foregoing bill is earnestly being sought.
