Dear Undersecretary Teh,

*Mapagpalang Araw mula sa Karagatan!*

The Waypoints Project is a group of maritime security specialists, practitioners, scientists, academics, and development workers who advocate for the effective use and protection of our marine resources and maritime domain by strengthening civil maritime security institutions in the Philippines and enhancing cooperation in the sector. This effort has borne multi-level stakeholder consensus on areas for collective action to address critical issues on our oceans amidst the escalating regional security tensions.

We would like to invite you or your representative to participate on **12 November 2024, Tuesday, from 9:00 AM to 1:00PM** at Chef Jessie Rockwell Club, Makati City, in a focus group discussion highlighting the Philippines' best practices on marine renewable energy and analyzing the potential areas of improvement. Your expertise and insights would be incredibly valuable to our data gathering efforts.
