

Republic of the Philippines
Ministry of Natural Resources
OFFICE OF THE MINISTER

15 March 1985

SPECIAL ORDER
No. 96
Series of 1985

m
SUBJECT: Creation of a Team from the Bureau of Mines and Geo-Sciences to Do the Assessment as to Quantity and Quality of Gemstone Deposit in Connection With The "Prototype Feasibility Study and Eventual Set-up of the KKK Gemstone Project"

In the interest of the service and to hasten the objective determination of the technical feasibility of establishing a gemstone cutting and polishing plant in the consideration of the Ministry's commitment to the goals of the Kilusang Kabuhayan at Kaunlaran (KKK), a project team from the BMG is hereby created to do the exploration and assessment of the quantity and quality of the gemstone deposits.

The project team shall be composed of the following personnel:

1. Arnulfo Cabantog
2. Edwin Domingo
3. Socorro P. Hernandez
4. Patricia V. Kennedy
5. Francisco L. Comsti, Jr. - Team Leader

The BMG project team leader shall be responsible for the submission of reports and other pertinent results to the MNR Gemstone Project leader, and such report will form an integral part of the project feasibility study.

All assigned project personnel shall be entitled to receive corresponding incentive pay from the Gemstone Project subject to the usual accounting and auditing rules.

By Authority of the Minister

ARNOLD B. CAILLI
Deputy Minister
