

DEPARTMENT OF
ENVIRONMENT AND
NATURAL RESOURCES

FEB 22 1988

DENR SPECIAL ORDER)
NO. 105 :
Series of 1988)

SUBJECT: RIVERS REVIVAL PROGRAM:
PASIG RIVERSYSTEM REHABILITATION PROJECT

Cognizant of the economic, social, biological and historical significance of the Pasig riversystem, and the need to rehabilitate the riversystem, the Regional Executive Director, National Capital Region, is hereby directed to:

1. Conduct a survey to identify point sources of pollution within the Pasig Riversystem;
2. Map-out the point sources of discharges;
3. Quantify the amount of discharges;
4. Quantify the amount of pollution from both domestic and industrial sources;
5. Determine the values of the standard water quality indicators;
6. Render periodic reports as to the status of the above to the Undersecretary for Environment and Research; and
7. Submit the outputs within three (3) months..

Expenses for this undertaking should be drawn from the regular operating budget of the NCR.

For strict compliance.

FULENCIO S. FACTORAN, JR.
Secretary
