DENR SPECIAL ORDER)
NO. 106 :
Series of 1988)

SUBJECT : RIVERS REVIVAL PROGRAM:
PASIG RIVERSYSTEM REHABILITATION
PROJECT.

Cognizant of the economic, social, biological and historical importance of the Pasig Riversystem, and the need to rehabilitate the riversystem, the Administrator of the National Mapping and Resources Information Authority is hereby directed to:

1. Construct an air photo-mosaic of the Pasig Riversystem and vicinity at the appropriate scale using latest aerial photos;
2. Conduct/provide hydrological characterization of the riversystem;
3. Render periodic reports as to the status of the above to the Undersecretary for Environment and Research; and
4. Submit the outputs within three (3) months.

Expenses for this undertaking should be drawn from the regular operating budget of the NAMRIA.

For strict compliance.
