MAR 08 1988

SPECIAL ORDER )  
NO. 151 :  
Series of 1988)

SUBJECT : Creation of team to evaluate/verify the area applied for a Special Permit by Dr. Manuel V. Tolentino at Bo. San Andres, Naujan, Oriental Mindoro.

1. In the interest of service and in order to assess/verify the vegetative cover of the area applied for a Special Permit by Dr. Manuel V. Tolentino, to cut, gather, transport and dispose trees within the private land covered by OCT No. P-7010, TCT No. T-78531 and TCT No. T-17892 of Romeo Tolentino, with an area of 28.22 hectares at Naujan, Oriental, Mindoro, a team is hereby created to be composed of the following:

1. FS II Napoleon Dalangin
2. Forester Nathaniel dela Peña

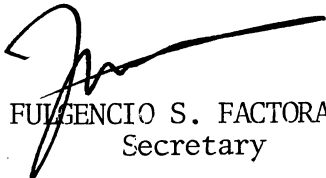

2. The team shall determine the actual vegetative condition of the area applied for.

3. The team shall be authorized to seek the assistance of the DENR official/personnel in the field and to avail of any facilities, transportation services for the expeditious accomplishment of its task.

4. They shall be entitled to reasonable transportation expenses, per diems and other allowable expenses chargeable against their respective offices.

5. A report of their findings should be immediately submitted to the Technical Study Group and Technical Review Committee within five (5) days upon completion of their field work.

This Order takes effect immediately.
