

Republic of the Philippines  
Department of Environment and Natural Resources  
OFFICE OF THE SECRETARY  
Diliman Quezon City

February 24, 1989

DENR SPECIAL ORDER)  
NO. 199 )  
Series of 1989 )

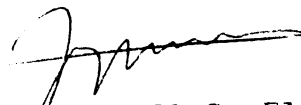

SUBJECT: Conduct of physical count of all available planting stocks for the 1989 reforestation targets.

In the interest of the service, and in order to ensure the attainment of reforestation targets set for 1989, the Director, Forest Management Bureau, is hereby instructed to immediately deploy FMB personnel to undertake on-site audit of all the available planting stocks (tree seedlings and seed stocks) in all DENR forest nurseries, TLA nurseries, reforestation contractors' nurseries, ISF projects, ITP/TF/AFF nurseries, and all other seedling production facilities in support of the National Forestation Program.

The Regional Executive Directors are likewise instructed to designate regional personnel to assist in the conduct of the planting stock audit.

The personnel designated to undertake the audit are authorized to claim allowable travelling expenses and allowances, subject to existing accounting and auditing regulations, chargeable against funds of the National Forestation Program.

A report on the status of availability of planting stocks should be made to the undersigned within fifteen days.

FULGENCIO S. FACTORAN, JR.
