

DEPARTMENT OF
ENVIRONMENT AND
NATURAL RESOURCES
DENR SPECIAL ORDER)
No. 1029 :
Series of 1991

NOVEMBER 7, 1991

SUBJECT: Creation of a Fact Finding Team to conduct a study on the effect of the blasting operations of Sandrock Trading at its quarry area in Montalban, Rizal to the Marikina Fault Plate.

In the interest of the service and in response to the query of the Rotary Club of Quezon City, a Fact Finding Team of experts is hereby created to conduct a thorough study on the effect of the blasting operations of Sandrock Trading in Montalban, Rizal to the Marikina Fault Plates. The Team shall be composed of the following:

1. EDWIN DOMINGO - Chairman
Chief Geologist, MGB
2. GAVINO BELLEZA - Member
Chief Mining Engineer, MGB
3. CAROL SAMONTE - Member
Chief Geologist, DENR-Region IV
4. OSCAR TEMPORAL - Member
Chief, Environmental Quality Division
DENR-Region IV

The Team shall have the following functions, duties and responsibilities:

1. To conduct in-depth study on the effect of aforesaid blasting operation to the Marikina Fault Plates;
2. To evaluate the environmental effects of the quarrying operations of Sandrock Trading in the area and its immediate vicinities;
3. To submit a comprehensive report of the findings of the study which shall include, among other things, the Team's recommendations within five (5) days after termination of the study;

The Team is hereby authorized to call on any official and employee of MGB, DENR-Region IV, PENRO/CENRO for support or assistance it may need; and

The Chairman and Members of the Team shall be entitled to travelling and incidental expenses, subject to availability of funds and to existing accounting and auditing rules and regulations.

This Order shall take effect immediately.

VICTOR O. RAMOS
OIC, Secretary
