DENR SPECIAL ORDER
No. 159
Series of 1991

SUBJECT: Creation of a Composite Team to conduct a re-inventory of the narra logs cut within the allowable clearings on the areas earmarked for logging operations by Veterans Woodworks, Inc. in CY 1990.

1. In the interest of the service and in view of the discrepancy in the number of Narra and volume per hectare, particularly on Linawan, Paranan and Valley Cove logging sides as indicated in the 20% and 100% inventory within the allowable clearings of the areas earmarked for logging operations by Veterans Woodworks, Inc. in CY 1990, a 3-man team is hereby created to conduct a re-inventory of the narra logs.

2. The Team shall be composed of:

Forester Leon O. Pescasio - Team Leader, Natural Forest Management Division, FMB

Forester Michelle Lachica - Member, Forest Economics Div., FMB

Regional Representative - Member
(Region No. 2)

3. The Team shall perform the following tasks:

3.1 Conduct a 100% inventory of the narra logs in the abovementioned logging sides.

3.2 Determine if the company cut narra trees outside allowable clearings; and

3.3 Take pictures of the narra logs and stumps to authenticate the reported quantity of logs.

4. The Team is authorized to seek the assistance of CENRO Personnel of Alcala and Aparri, Cagayan to ensure early completion of the work.

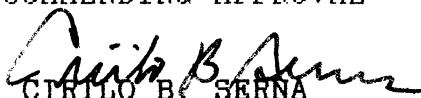

5. All expenses to be incurred incidental hereto shall be charged against the fund of the respective office of the team members concerned.

6. This Order takes effect immediately and a written report on the case shall be submitted within three days upon completion of the work.
