

DEPARTMENT OF  
ENVIRONMENT AND  
NATURAL RESOURCES

12 August 1993

DENR Special Order  
No. 1104  
Series of 1993

SUBJECT: Field checking of the 10% timber re-inventory conducted within the residual forest, Block I of Davao Mahogany Products, Inc. (DMPI).

In the interest of the service and in order to validate the 10% timber inventory recently conducted inside the Block I area of DMPI, a Team is hereby created to undertake a field check thereon, which Team shall be composed of the following personnel:

Team Leader : Forester Jesus Javier (FMB)  
Members : Representative, Office of the Secretary  
Representative, DENR, Region No. 10

The Team shall, in the conduct of the field check/verification, do the following:

1. Make a random check of the areas under Block I, residual forest, subject of previous 10% timber re-inventory, by employing at least a 2% sampling intensity;
2. Check the establishment of timber cruising strips and sampling units;
3. Within every sampling unit being checked, verify the total number of trees, the species, diameter, merchantable height and other data, as shown in the field tally sheets of the 10% timber re-inventory report;
4. Take photographs and other relevant information during the field checking; and
5. Submit field findings and comments/recommendation upon completion of the fieldwork.

The Team shall coordinate with the Regional Executive Director concerned and is authorized to seek the assistance of any DENR employee within the Region for the early completion of the assigned task. All expenses that shall be incurred incidental to the fieldwork shall be charged against their respective Offices, subject to the usual government accounting and auditing rules and regulations.

This Order shall take effect immediately.
