

DEPARTMENT OF  
ENVIRONMENT AND  
NATURAL RESOURCES  
ENR - SECTOR ADJUSTMENT LOAN PROGRAM

April 12, 1993

SPECIAL ORDER NO. 582  
Series of 1993

SUBJECT : CREATION OF THE TELECOMMUNICATION SPECIAL TEAM

In the interest of the services and to ensure rightful and satisfactory acceptance of procured / delivered / constructed / installed telecommunications equipment in the DENR, a special telecommunications team is hereby created composed of the following:

1. Mr. Joselito Fontanilla (General Services Division)
2. Engr. Honorato Cabiling (Radio Communications Unit)
2. Mr. Carlito Buentipo (Radio Communications Unit)
3. Mr. Rodolfo Fernandez (ENR-SECAL)

The team shall perform the tasks and duties listed below;

Review evaluate and assess the procured radio equipment delivered, installed and/or constructed at various regional, provincial and community offices of the DENR particularly those covered by ENR-SECAL Program.

Submit report of the above study and include possible recommendations.

Facilitate and expedite proper actions to the identified discrepancies.

Accept procured equipment after confirming that these are within the right specifications, appropriate installation and construction of the said units.

Report directly to the Assistant Secretary for Management Services on a regular basis.

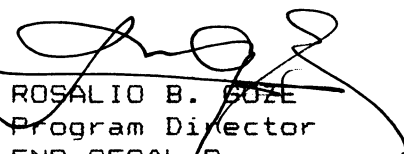

The team shall consult and seek assistance / guidance from the ENR-SECAL Technical Assistant / consultant of communications for advise and guidance in the performance of their job.

This order takes effect starting on April 15, 1993 and shall continue until revoked by subsequent order.

  
ANGEL C. ALCALA  
Secretary
