\* The new provinces of Guimaras (R-6), Biliran (R-8), and Sarangani (R-11) have no separate appropriations yet and therefore are still part of the allotment and accounting system of their former mother provinces. The designation of officers for these new provinces is internal only to the DENR.

The above officials shall clear themselves from work responsibilities and financial and property accountabilities from their present assignments before reporting to their new posts.

There should be proper and documented turn-over (listing of projects, personnel, properties, pending problems and issues etc.) between the incoming and outgoing officials before actual take-over is done. Clearing and turn-overs should be completed within 15 days after for the issuance of this order. The Regional Executive Directors, assisted by the Regional Technical Directors, should see to it that the turnovers are effected in accordance with this order.

PENROs and CENROs whose names do not appear in this order shall report to their Regional Executive Directors for assignment.

All officials concerned are directed to inform this Office about compliance to this Order.

I am reiterating my earlier message to the above officials on the need for more aggressive, effective and honest delivery of services to our publics. I would like you to anchor your tenure in your new assignments on creditable performance, closer and more effective cooperation with LGUs and other agencies, including NGOs and communities, and high level of integrity.

This Order takes effect immediately.

  
ANGEL C. ALCALA  
Secretary
