DENR SPECIAL ORDER
NO. 834
Series of 1993

JUL 08 1993

SUBJECT : Field inspection of the proposed Block I of
JCA Lumber and Plywood Industries, Inc.
(JCALPII).

In the interest of the service and in order to determine the extent of the residual forest (26 years and older) of JCALPII to be subjected to a 10% timber inventory pursuant to DAD No. 24 and DMO No. 8, both Series of 1991, the following are hereby assigned to conduct an ocular inspection/verification of its proposed Block I residual forest:

1. Forester Melchor Magsanoc - Region IV
2. Forester Laureano Lingan, Jr. - FMB
3. Forester Ronilo Salac - FPSO

In the conduct of the field inspection, the following shall be performed:

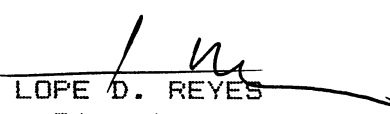

1. Check the vegetative cover of the proposed Block I on the ground as indicated in the submitted concession map;
2. Verify indications/traces of old logging operations such as logging roads, old stumps and the like, including the extent of the proposed Block I;
3. Take photographs and other relevant information during the field verification; and
4. Submit field findings, analysis and comments/recommendation upon completion of the fieldwork.

The aforementioned personnel are authorized to seek the assistance of any DENR employee within the Region for the early completion of the assigned task. All expenses that shall be incurred incidental to the fieldwork shall be charged against the Trust Fund Deposit of JCALPII subject, however, to the usual government accounting and auditing rules and regulations.

This Order takes effect immediately.
