DENR SPECIAL ORDER
No. 97- 456

SUBJECT: Designation of Forester Christopher Kuizon, DENR CARAGA Region, as National Field Coordinator for the Field Testing of the ENR-SECAL Log Control Monitoring System (now the Forest Stocks Monitoring System)

In the interest of the service, and in order to fast-track the development and implementation of Log Control Monitoring System (LCMS), now the Forest Stocks Monitoring System (FSMS), Forester Christopher Kuizon, DENR-Caraga, is hereby designated as National Field Coordinator for the field testing of the said system. This designation is concurrent in nature, in which case Forester Kuizon shall discharge the duties and responsibilities of the LCMS/FSMS National Field Coordinator in addition to his present duties and responsibilities in his present position in DENR-Caraga.

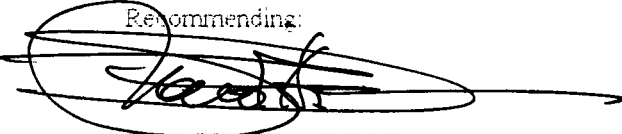

Forester Kuizon shall still be based in DENR-Caraga, but he shall coordinate with the LCMS/FSMS development team based in the ENR-SECAL Program Management Office, through the Program Director ENR/SECAL and Head, CBFMO to define the details of his activities vis-a-vis the LCMS/FSMS.

Forester Kuizon and the Program Director ENR-SECAL shall submit to this office a detailed work plan for the LCMS/FSMS development and implementation within fifteen days from date of this order.

This Order takes effect immediately and amends/rescinds previous order and instructions inconsistent herewith.

VIRGILIO Q. MARCELO
Undersecretary for Field Operations

Recommending:

ROMEO T. ACOSTA
Program Director, ENR-SECAL
and Head, CBFMO
