DENR SPECIAL ORDER
No. 98- 269

SUBJECT: ASSIGNMENT OF SOME DENR PERSONNEL TO SERVE AS STUDY COUNTERPARTS, COORDINATORS AND TEAM LEADERS OF THE MILL AND VOLUME EQUATION STUDIES ON FOREST STOCK MONITORING SYSTEM (FSMS) UNDER THE ENR-SECAL PROGRAM

The World Bank (WB) funded ENR-SECAL Program of the DENR is going to undertake studies related to Forest Stock Monitoring System (FSMS) which is in fact an off-shoot of the Log Control Monitoring System (LCMS). Two components of FSMS among others are the Mill Study to determine the appropriate cull factor for the different forest management units and the Volume Equation Study to determine initial volume equation for establishing standards as basis for monitoring timber extraction and processing operations.

These studies on FSMS, as a forestry concern, needs the active participation of the Forest Management Service (at the field level) and Forest Management Bureau (at the central level) especially during the actual conduct of these studies in the field, to wit:

MILL STUDY

VOLUME STUDY

A. Team Leaders

Name	Office	Name	Office
1. For. Jovita Valmorida	NCR	1. For. Nicanor Baltazar	CAR
2. For. Aida Esguerra	NCR	2. For. Feliciano Jose	R-2
