MEMORANDUM ORDER

No. 2004 - 03
145

TO : The Director
All Regional Directors
Mines and Geosciences Bureau

Subject : **CANCELLATION OF NON-PERFORMING TENEMENTS**

In line with DMO No. 12, Series of 2004, and the government's thrust to revitalize the Philippine minerals industry, several measures were undertaken to monitor mineral agreements and maximize the resource potential of mineral lands through the conduct of inventory of all approved and pending mining tenements including determination of status of compliance with work program and the terms and conditions of the agreements.

To effectively implement the above-mentioned objective, it would necessitate the cancellation, revocation and termination of agreements with offenses, as provided in Chapter XVII of the Mining Act of 1995, to include but not limited to the following: late or non-filing of requirements; violation of the terms and conditions of permits or agreements; non-payment of taxes and fees; suspension or cancellation of tax incentives and credits; and, falsehood or omission of facts in the statement. The main criterion for the cancellation is the failure of the mining contractor to undertake mining activities on the ground over a long period of time.

Henceforth, after due process and validation, the following non-performing mining tenements are hereby cancelled:
