MEMORANDUM ORDER

No. 13

TO : The Director
All Regional Directors
Mines and Geosciences Bureau

SUBJECT : DECLARING AS FINAL AND EXECUTORY THE
CANCELLATION OF SIXTY-FIVE (65) NON-PERFORMING
MINING TENEMENTS PURSUANT TO DENR
MEMORANDUM ORDER NO. 2005-03

In line with Department of Environment and Natural Resources (DENR) Memorandum Order (DMO) No. 12, Series of 2004, in re: *Providing for System of Monitoring of Mineral Agreements and of Maximizing Resource Potentials of Minerals Lands*, and the Government's thrust to revitalize the Philippine minerals industry, several measures were undertaken to monitor Mineral Agreements and maximize the resource potential of mineral lands through the conduct of inventory of all approved and pending mining tenements, including the determination of status of compliance with the approved work programs and the terms and conditions of the Agreements.

On February 1, 2005, DMO No. 2005-03 was issued to the Mines and Geosciences Bureau providing for the list of cancelled non-performing mining tenements in view of certain violations of the provisions of the Philippine Mining Act of 1995, its implementing rules and regulations and/or the terms and conditions of the mining tenements. The main criterion for the cancellation is the failure of the mining contractor to undertake mining activities on the ground over a long period of time.

After due process, records show that a certain number of mining contractors/permit applicants failed to file their respective **Motions for Reconsideration**, whether within or beyond the reglementary period as provided for under existing laws, and rules and regulations, hence, the cancellation order for their mining tenements pursuant to DMO No. 2005-03 has become final and executory.

In view of the foregoing, the cancellation of the following mining tenements pursuant to DMO No. 2005-03 is hereby declared final and executory:
